

## Moisture Meter GTS-set

Solid hand held device with integrated sword probe for fast and reliable measuring of moisture and temperature within stacks of paper or cardboards.

### Model GTS

Technical Data:

Dimension probe:	260 x 18 x 5 mm
Range of application:	
Relative humidity:	5 ... 99,9 % RH
Temperature:	0 ... +50 °C
Accuracy @ 23 °C:	± 1,5 % RH/ ±0.3,K
Power supply:	9 V battery

### Model GTS-set

Set consists of:

- Handheld Instruments GTS
- Calibration device EGS
- Humidity standard for calibration EA50-SCS
- 9 Volt battery
- Carry case
